MEETING INFORMATION

Evergreen Award

The Evergreen Program was created in 1993 by the College to recognize and reward outstanding chapter efforts. The Evergreen Program provides visibility to those chapters that have been successful in implementing programs that increase member communication and involvement.

Each year all chapters are invited to nominate their own programs, and to provide details on the goals of the program, how it was implemented, and what the results were. The Chapter Subcommittee has the difficult task of selecting a small group of chapters, which are recognized nationally and locally for their achievements.

We are excited to announce the 2008 Evergreen Award will be presented to our Chapter at the Business Meeting by Jeffrey P. Harris, MD, FACP, for *Translation of Annals of Internal Medicine*.
